Subject: Please Have a Meeting With Dimock Residents

Dear Mr Garvin,

I am writing to ask if you and Mr Dandrea would be willing to have a sit down meeting at your Philadelphia office if that is convenient, with mostly Dimock residents who are and have experienced degraded water, degraded air and health problems stemming from natural gas extraction activities. Ex. 6 - Personal Privacy was just released from a week hospital stay for breathing difficulties, and he lives adjacent to the same well pad as the Ex. 6 - Personal Privacy whose children are getting bloody noses. I would envision your meeting with a handful of residents directly impacted by drilling.

Thank You Very Much,

Rebecca Roter
